

RESORT TO RESORT QUICK FACTS

Resort to Resort is an exclusive Homeowner exchange network developed by Intrawest and comprised of select **condo hotel, whole ownership, and fractional real estate** developments at Intrawest resorts and a portfolio of carefully selected partner resorts.

Members have access to a growing collection of 155 properties at over 40 premier resort destinations around the world. R2R Members also can use their credits to travel on a private yacht in the Caribbean or British Virgin Islands, and access more than 2,000 cruise itineraries with leading cruise lines such as Carnival, Holland America, or Royal Caribbean. Members are also able to enjoy a world of adventure travel with Abercrombie & Kent.

When you purchase a resort home in a Resort to Resort affiliated property you purchase more than just that home. As a **Resort to Resort Member**, you gain access to an expanding network of vacation opportunities in sought-after ski, golf, beach resorts and cruise destinations.

Each Resort to Resort Member enjoys the privilege of making themselves at home in a fully-equipped Resort Home with the same quality, detail and luxury they are accustomed to in their home resort at a resort location of their choice. The program consists of over 12,000 Members who own over 10,000 units based on the growth of fractional units all under property and/or rental management.

The RESORT TO RESORT program is simple to use:

Deposit

When you are not using your resort home you can simply deposit usage of your resort home with **Resort to Resort**. Deposits must be made in 5 or 7 night increments. Deposits will be accepted six to 12 months in advance and are based on the demand of other Resort to Resort Members.

Earning Resort Credits

You will receive Resort Credits for your deposit based on four factors

- Demand for the resort in which you own your Resort Home
- The size of the Resort Home (Studio, 1, 2, or 3 Bedroom)
- The season in which you make your Resort Home available
- The length of the Deposit (5 or 7 Nights)

Making a Reservation

Choose the vacation destination or cruise itinerary you would like from the **Resort to Resort** portfolio of vacation opportunities and make your reservation request. Our dedicated team of Exchange Consultants will search for and confirm your vacation availability.

Fees

The 2-Year **Resort to Resort** Membership is provided complimentary by the Resort's developer. After the initial 2-year Membership, there is a renewal fee of \$199 USD per year.

All reservations are subject to a reservation fee. The Reservation Fee is \$29 per night for both domestic and international travel
